REPORTER ACTIVITIES ON THE REPORTER DIVISION IN THE PARLIAMENT TV OF THE DPR RI

Television is a mass media that is currently widely used by the public referring to the results of research from Nielsen.com where the use of television in Indonesia reaches 96% which is used to meet the needs of the community, television stations provide news programs that provide information (Nilsen, 2017). Parliament TV as one of the television institutions that presents news programs on the activities of all Members of the DPR RI which are summarized in the Parliament News program. The news presented includes good news and bad news, so that the public can find out complete information about Members of the DPR RI. This news is produced through several stages, ranging from coverage by interviewing resource persons and copying the results of interviews, writing news scripts, entering the editing phase of the script, then neat scripts will be dubbed, and enter the final touches, which are edited. This activity cannot be separated from the responsibility of the work of a journalist under the editorial division in the Parliament News program so that news can be presented to the public. During the Professional Work in Parliament TV, Student work under supervision and guidance from the Daily News Coverage Coordinator. In Professional Work Student have the opportunity to participate and be directly involved in the implementation of journalist activities. Doing professional work in Parliament TV aims to make students understand and gain insight and experience in the world of work.
