THE ROLE MEDIA MONITORING IN THE DIGITAL COMMAND CENTER (DCC) MINISTRY OF FOREIGN AFFAIRS OF THE REPUBLIC OF INDONESIA

Intern carry out a three-month professional work program at the Ministry of Foreign Affairs of the Republic of Indonesia, at the Directorate of Information and Media, Digital Command Center Subdivision. Intern occupy the position of media monitoring. These activities have relevance to mass communication courses, media relations writing, media management and event management. In the implementation of Professional Work, Intern have the opportunity to conduct media monitoring, analyze the media, and run events. In the position of media monitoring, intern monitor national and international media on diplomatic issues concerning Indonesia such as Indonesia's cooperation with foreign countries, the issue of protecting Indonesian citizens (WNI) who are abroad, and issues concerning global peace and make daily reports on the results of monitoring. Crawling, Sorting, determining issues, determining news sentiment, and making a summary are the stages that intern do before making a daily monitoring report. Intern learned that as media monitoring, they must have good reading and writing skills. By monitoring through digital media, we can find out the response of the Indonesian people to what is being done.
