COMPANY PROFILE WEB DESIGN AT PT INTI HARMONI SOLUSINDO

This report discusses the development of a company profile web for PT. Inti Harmoni Solusindo, includes needs analysis, design and implementation. The web is designed with a responsive design, using a combination of red and yellow according to the company's identity, and includes main pages such as Home, About Us, and Contact. Challenges such as changing business needs, SEO optimization, and data security were successfully overcome through technical strategies and team collaboration. The results of this project are an effective promotional medium for the company, as well as providing valuable learning for practitioners in web development and project management.

Keywords: *PT. Inti Harmoni Solusindo, Company Profile, Responsive*
