### *APPLICATION OF THE ACCOUNTING INFORMATION SYSTEM ODOO ERF TO THE SALE OF DIVA JEWELRY MERCHANDISE*

*Professional Work Practice is carried out at Diva Jewelry, Ciputat South Tangerang. During the professional work as a delivery admin, the practicum works under the supervision and guidance of the Marketing and Sales Manager. In carrying out professional work, practicum has a fairly important role in the process of delivering goods. Among them is checking the customer's full address and phone number when it is entered into the odoo ERP system and ensuring that the goods to be delivered are in accordance with the customer's order. The application of the odoo ERP Accounting system to the sale of Diva Jewelry merchandise is used to facilitate inventory management, record sales transactions, and prepare financial reports in real time. With this system, it is hoped that it can optimize sales and operational management more efficiently.*
