METHOD OF RECORDING BUDGET CEILING CASH WITH SAKTI APPLICATION AT KEMENTERIAN DESA, PEMBANGUNAN DAERAH TERTINGGAL DAN TRANSMIGRASI

The various advances and dynamics of the world today cause the demands of the world of work which are not enough if only fixated theoretically, but also must be applicable. So that an academic degree is still not enough without experience related to the application of the theory obtained during education. One way to answer this challenge is through an internship program. Pembangunan Jaya University is no exception, which provides opportunities for students to get an overview of the real situations and conditions in the work environment through professional work programs. Practitioners carry out professional work practices at the Ministry of Villages, Development of Disadvantaged Regions, and Transmigration, which is one of the Ministries in the Duren Kalibata area, Central Jakarta. Practitioners are placed in the Planning and Budgeting Functional Position. During professional work practices, practitioners are given tasks related to recording budget ceiling cash. The task includes the process of inputting the budget evaluation of Inspectorate I to Inspectorate V and inputting the Fund Withdrawal Plan (RPD). Overall, the process of recording budget ceiling cash is in accordance with accounting standards. In addition, the use of accounting information systems and management control systems has also been carried out quite optimally. Practitioners gain a lot of knowledge, knowledge, and unforgettable experiences while carrying out professional work.
