

ABSTRACT

Karenina Restu Asmara Ibrahim (2018031019)

JOB DESCRIPTION OF MEDIA AND PUBLICATION STAFF AT PULIH FOUNDATION

The Intern undertake professional work at the Pulih Foundation, an institution that provides services for people experiencing violence or psychological disorders through support and empowerment programs. The intern works in the media and publications division, with the main task of creating social media content related to psychological and psychoeducational issues for the community. Activities carried out include writing popular scientific articles, parsing articles into published content, and uploading them as part of the Pulih Foundation Instagram admin. The practice aims to contribute to increasing public awareness and knowledge through social media, with psychoeducation topics that are currently relevant or needed regarding psychological issues developing in society.
