

ABSTRACT

Muhammad Rafi Munggaran (2021071028)

DEVELOPMENT OF FIELD OPERATIONAL ACTIVITY REPORTING WEBSITE PT. JAKARTA TOLLROAD DEVELOPMENT USING LARAVEL FRAMEWORK

PT Jakarta Tollroad Development is a company that was established in 2014 and is engaged in toll road services in the cakung area. The author underwent internship activities from August 10, 2024 to October 31, 2024. The author was placed in the Operations division to develop a website-based field operational reporting application. The author is responsible for the Front-end with the aim that users can understand it, and the Back-end for the successful integration and display of the database. The main benefit is that the author can gain experience in the community and deepen programming knowledge.

Keywords: *PHP, Laravel, Website, Reporting*
