DESCRIPTION OF THE WORK OF JAYA SOFT SKILL DEVELOPMENT PROGRAM (JSDP) INTERNSHIP STAFF AT UNIVERSITAS PEMBANGUNAN JAYA

Apprenticeship is a real job training activity from a division / agency / company that provides opportunities for prospective workers and places them according to their abilities and interests so that they can implement the knowledge that has been acquired in college or based on experience into their field of work under guidance. authorized. The term internship at Pembangunan Jaya University is known as Professional Work. Professional work in 2020, which should have been done in a company or agency, must be canceled due to an outbreak that is quite dangerous and is detrimental to many parties, namely Covid-19. Work from home (WFH) is now a new phenomenon in the midst of the Covid-19 pandemic. Jaya Soft Skill Development Program (JSDP) is a series of programs at Pembangunan Jaya University where this program will provide skills (soft skills) and knowledge related to academic and non-academic activities. Praktikan are responsible for making 2 videos. The first video explains JSDP activities based on the JSDP SOP and the second video is about training on referencing, quoting, and plagiarism.
