

ABSTRACT

ANNISA FITRI HARTANTI (2022021067)

PROFESSIONAL WORK ACTIVITIES AS FINANCE AT PT PINTAR PEMENANG ASIA

This report is based on the internship experience carried out by the intern for five months in the Finance Division of PT Pintar Pemenang Asia, an educational technology (edutech)-based company that focuses on human resource development through digital learning. The purpose of this internship is to provide a practical understanding of the company's financial activities and to develop relevant skills in the field of financial management. During the internship, the intern was involved in various activities such as inputting payments using the Accurate application, recapitulating PPh 21, 23, and VAT taxes, managing bank statement templates, inputting purchase invoices, and preparing financial reports related to the Degree program. The intern also faced several challenges, such as adapting to a digital accounting system, limited data access, and differences between academic theory and field practice. Through mentoring from the Finance team and work mentors, the intern was able to develop technical skills, think analytically, and improve professionalism in the world of work.
