PLANNING PROCESS AND LAYOUTING CONCEPT IN ARCHITECTURE AND INTERIOR DESIGN

Professional Work Activities are one of the activities that must be carried out by students to meet graduation requirements. Professional work is carried out by students to improve quality in the field of architecture, discipline in how to behave professionally and gain additional new knowledge that is not obtained during the lecture period. In carrying out professional work at Bagas & Associates, the practitioner helps in handling architectural and interior projects such as drafting working drawings, planning interior designs, and designing design concepts. Practitioners help design and plan use Autocad software, Sketchup, Microsoft Excel and Microsoft PowerPoint. During 3 (three) months of professional work at Bagas & Associates, the practitioner has successfully completed several available projects, namely Pertamina (Persero) Balongan in Indramayu, Flat Mandiri on Jl. BRI, and Sanjaya Buntu Office House. While carrying out Professional Work which lasted for 3 (three) months at Bagas & Associates which was held on June 14, 2021 to August 31, 2021, the practitioner had gained a lot of experience and knowledge in the field of Professional Work that the practitioner had never received during the lecture period. Because the practitioner feels that the knowledge gained can be useful, during the implementation of this Professional Work, it is necessary to adapt and try to understand as much knowledge as possible.

Keywords: *design, project, plan, architecture, interior*
