Nasya Putri Khairaha (2018031007)

DESCRIPTION OF THE PROFESSION OF TEACHER ASSISTANT GUIDELINES AND COUNSELING AT SMP NEGERI 206 BARAT JAKARTA

The achievements of students, both academic and non-academic, at State Junior High School 206 West Jakarta are continuously growing, from the level of sub-district, municipal, provincial, and national. Improving learning activities and teacher competencies (pedagogical, professional, personal, and social) can be accomplished by improving educator and education staff performance. Apprenticeships who work as Guidance and Counseling teacher assistants are given the responsibility of Assisting the counseling activities, Conducting home visits by Guidance and Counseling teachers, Making Reports on home visits, Analyzing whether or not children with special needs can be accepted at school, as well as Collecting data on grade 1 junior high school students. This psychology study program organizes professional work that can be studied and practiced in the psychology profession, specifically as a counselor.
