VISUAL DESIGN OF COMICS AND CHARACTER ILLUSTRATION AT PAPILLON STUDIO

One of the obligations of Pembangunan Jaya University's final year student is to carry out internship activities. Internship course is an introduction course to the world of company employment through internship programs. Students are responsible in doing professional work such as comic designs from the company itself and working on a character illustration for the company client's needs.

To carry on Internship course, student is introduced to the world of employment to establish creative mindset, illustration skills and responsibility to finish given assignments efficiently and on time. Students are expected to adapt to the company's expectations and company's workflow. Successful understanding of the student's future employment and career will be expected from this course.

Keywords: *Comic Design, Character Illustration, Internship*
