CASH FLOW PROCEDURE AT PT TOTALINDO EKA PERSADA KINGLAND AVENUE PROJECT

While working as a professional at PT Totalindo Kingland Avenue Project, Practitioners worked under the supervision and guidance of the Quantity and Surveyor section. In professional work, Practitioners have the opportunity to assist and be directly involved in recording cash receipts and disbursements transactions, recording petty cash funds, recapitulating evidence of debt, and assisting qs in archiving documents. The recording of cash transactions at PT Totalindo the Kingland Avenue Project is the same as the procedure proposed by experts through books. The activities or responsibilities of the Quantitiy Surveyor division are focused on the cash disbursement process, as well as recording everything that happens related to revenue and construction costs.

Keywords: cash disbursements, cash inflows, costs
