STUDY OF OFFICE DESIGN RENOVATION ON PERTAMINA BALONGAN OFFICE PROJECT

The internship that carried out by approximately three months at PT Bagas Karyatama gave intern lesson about real work. The division which intern work at is the design division. Intern got involved in designing process, starting from choosing what concept should be used, creating conceptual working draw, even 3 dimensional project. In Pertamina Balongan Office Renovation Project, intern got involved in brainstorming process about design concept, tracing an existing plan, and creating conceptual graphic design which will be present to the client. After doing this project, intern learn about how to decide what concept should be used, the development of office building nowadays, and how to make a good conceptual graphic design.

Keywords: *Graphic, Office, Renovation*
