TAHAPAN PEKERJAAN MANAJEMEN KONSTRUKSI PADA PROYEK HOTEL BINTARO JAYA XCHANGE TAHAP 2

Practice has done one of the compulsory courses that are followed, namely professional work in one of the projects that are being carried out by PT. Jaya Real Property with placement in the Bintaro Jaya Xchange phase 2 project, which is more or less in the project there are Malls, Hotels and Oceanariums. Then, the scope of work carried out by the practice includes observing or supervising the stages of installing light bricks in the hotel area, monitoring the structural soaking test in each hotel bathroom unit and visual design at the Bintaro Jaya Xchange Mall phase 2 canteen. During the carrying out practical professional work activities are involved in the monitoring stage of every work at the Bintaro Jaya Xchange Hotel by involving the construction management process in every monitoring or supervision during the work, this is so that the work obtained is in accordance with existing standards and can reduce errors in the stages of the work process on the project in Bintaro Jaya Xchange phase 2. In the process of redesigning the visualization in the Mall canteen, it also involves the stages of a design program, in order to produce an appropriate problem-solving idea.
