WORK SUPERVISION OF RENOVATION PROJECTS

Internship out at PT. Hanny Rancang Bangun Abadi includes several scopes of work such as: renovating residential houses, and building residential houses. This work is always carried out by a supervisor. This is done in order to achieve the work targets listed in the SPK and also to avoid swelling of funds and work. During the implementation of the work (KP), it can be stated that the supervision work is one of the things that is really needed in a very significant development work, such as: Job monitoring, minimizing material losses, and minimizing time losses.

Keywords : Supervision, Job Monitoring, Renovation.
