REGULATORY COMPLIANCE SYSTEM PRODUCT TESTING AT PT JUSTIKA SIAR PUBLIKA

HukumOnline is a legal company based in Indonesia. HukumOnline has the aim of educating the Indonesian people regarding laws such as rules, laws and court decisions that were previously difficult to find. The company's goal in establishing this is to educate the public regarding the legal rights that they must obtain. The purpose of testing the HukumOnline application is to determine whether the application is suitable for use by its users or not. In the implementation of testing, tools that can facilitate testing are also needed, namely Jira and Google Sheets. In addition to testing, there are also other activities such as checking the Backlog, making a Test Plan, and testing the system which aims to make flow testing easier to run.

Keywords: Software Testing, Quality Assurance, Regulatory Compliance System
