### **WORK ACTIVITIES IN THE FIELD OF FINANCE AT PT ELECTRONIC CITY INDONESIA, TBK**

*Professional Work is a very important activity for students because with the internship program, students become more ready to work in companies when they graduate from university. Parktikan carries out KP activities in the Finance division of cost control, treasury, and income control. The work carried out by Praktikan in the Finance department is to make input payments, import BCA banks to SAP, post BAG banks on the SAP system, update the list like BRI and Citibank, carry out the Debit Note rebalancing process. Practicants get a lot of learning and knowledge that Practicants get in the company, including adding experience about the world of work, learning to manage time well, learning to work together in a team, Practicants also gaining insight and knowledge in the field of finance, and Practicants learning to be responsible.*

*Keywords: Professional Work, Finance, Experience*
