“MEKANISME DIVISI LOKAL DALAM PENGINPUTAN HARGA PURCHASE ORDER PADA BUSANA APPAREL GROUP”

Professional Work (KP) carried out by practitioners which is a prerequisite course for Marketing Management students at the Development Jaya University. Practitioners carry out professional work at Clothing Apparel Group from June 21 to December 21. Clothing Apparel Group is a Garments company that was founded in April 1975 which began to look for opportunities for professionals in the garment industry. The purpose of Professional Work (KP) is to train students in a work environment that practitioners will experience naturally after graduation, according to their profession, and be able to solve as well as make decisions, so that marketing is truly high quality and ready to face free competition in the world of work that will practice experience after graduating from college.

Keywords: inputting prices, negotiating between suppliers, compiling purchase orders
