STUDY OF COMPLETENESS OF TENDER DOCUMENTS ON PROCUREMENT AT PT MARGA TRANS NUSANTARA

Professional Work (KP) is a part of the independent learning program conducted by Pembangunan Jaya University in providing opportunities for students to be able to experience the real world of work. The program is one of the main pre-requisites for completing undergraduate level studies (S1). Students can carry out this program in private or government-owned companies with a minimum implementation period of 400 hours or approximately 3 months. The practitioner chooses PT Marga Trans Nusantara in carrying out Professional Work (KP). PT Marga Trans Nusantara is a state-owned or state-owned company, namely PT Jasa Marga (Persero) Tbk, which cooperates with private companies, namely PT Astra Tol Nusantara and PT Arya Sejahtera. The company, which is located at Plaza Tol Parigi, Jl.H.Rasam RT 004/RW 002 Kec.Pondok Aren, South Tangerang, is engaged in the procurement, construction and operation of the Kunciran-Serpong toll road with a length of 11,135 km and consists of two 2) section, namely section I (Kunciran-Parigi) and section II (Parigi-Serpong) at KM 39+789 - KM 50+924. While carrying out Professional Work (KP) at PT Marga Trans Nusantara, the practitioner is placed in the Engineering Division to assist in evaluating and re-examining the completeness of the tender documents on the project "Procurement of Contracting Services for the Construction of Supporting Facilities (Toilets, Changing Rooms, Warehouses, Security Networks, Fences) , & Channel Closures) As Supporting Means Of Ball Fields In Jombang Subdistrict". The project is one of the ways that the company has carried out based on the results of deliberations with the surrounding community, especially the Jombang community, to provide compensation as a result of land acquisition for the construction of the Kunciran-Serpong toll road section.

Keywords: Professional Work (KP), PT Marga Trans Nusantara, Procurement, Toll Road, Engineering Division, Tender Documents.
