FINANCIAL RECORDING AND BOOKING USING WEB-BASED SYSTEM AT PROSUS INTEN COMPANY

PROSUS INTEN is a tutoring institution that was established in 1998. The vision and mission of PROSUS INTEN is a new breakthrough in the world of tutoring in Indonesia, applying methods and learning philosophies that are proven effective, which also able to increase the student's potential to be useful in achieving government goals. The activities carried out by Posus Inten include laying the foundations for successful learning, building a solid foundation for successful learning, improving learning abilities, increasing test scores consistently and academically at school, learning environment and atmosphere. Financial statements or financial reports are reports that contain the recording of money and transactions that occur in business, both purchase transactions and other transactions that have economic and monetary value. The financial reports conducted by PROSUS INTEN are divided into two: entries and contests. PROSUS INTEN's income is obtained through payment of student tuition fees made through a virtual account which is directly entered into the Company's bank account. PROSUS INTEN expenditure reports are made through staff reports through branches which are reported monthly to the Center
