“MECHANISM FOR RECORDING DEBT TRANSACTIONS AT PT ABC”

PT ABC is a company that offers bank products such as credit cards, collateral-free loans, etc. While carrying out professional work at PT ABC, the practitioner worked in the Finance & Accounting staff section under the guidance of the CEO and HRD. Practitioners are given the opportunity to be directly involved in the process of receiving bills, checking bills, calculating/recalculating the amount of bills to be paid, checking and reporting to distributors regarding bills that have been input by the account payable team and bills that have been paid by the finance team in SAP (System Application and Processing). Practitioners get a lot of knowledge both theory and practice, as well as very memorable work experience.

Keywords: *fintech, account payable*
