

## ABSTRACT

Muhammad Mirzhan Mahathir

*Design is the process of preparing an idea. In the process of a design has many ways of expressing an idea, one of which is the moodboard, 2D work drawings, and 3D images. Design in the world of architecture is a way to get a goal and realization of a concept and idea as a whole. The Intern will further discuss the design process of Platform Architects in this report.*

Keyword :

*Design, moodboard, 2D work drawings, 3D images*
