PROCESS OF DEVELOPMENT OF INTERIOR AND EXTERIOR DESIGNS IN EMERALD BINTARO APARTMENT

Emerald Bintaro Apartment is a Balanced Residential Condominium Unit, which is under the auspices of PT. Jaya Real Property TBL. Practitioner carry out Professional Work for three months. During Professional work, Practitioner gets the opportunity to learn and see first hand of the process of work in the field. In Professional Work, Practitioner in under the auspices of the Marketing Manager and Architecture Manager. Works that given by the company are in the form of developing the design of the interior and exterior of the Emerald Bintaro Apartment with the approach method that is conducting an analysis first. In working the assignment, practitioner used Microsoft Excel, AutoCAD, 3DSketchUp, and Adobe Photoshop. In the process of assignment there is always design revision. Practitioner always do assistance that aims to minimize errors that will happen. This is a new experience for Practitioner. Especially in developing the design of the interior and exterior of an apartment.
