*The purpose of this study is to find out how the financial performance of Tangerang City District government uses the Regional Financial Ratio Analysis. This study uses Financial Ratio Analysis which consists of Financial Independence Ratio, Effectiveness and Efficiency Ratio of Local Original Revenue, Activity Ratio, and Growth Ratio by comparing existing practices and theories, then drawing a conclusion. Based on the results of this study, it can be concluded that the Financial Independence of the Tangerang City local government is in the criteria of Good. Although there was a decline in 2015 but increased in 2016. The results of the analysis prove that the Financial Performance of Tangerang City Government can be measured through the Independence Ratio, Effectiveness Ratio, Efficiency Ratio, Activity Ratio and Growth Ratio.*
