HUMAN RESOURCE MANAGEMENT THAT HAPPENED AT PT PROVALIANT LICENSING SUCCES

Practitioners have the opportunity to carry out professional work activities at PT Provaliant Licensing Success. Professional work is carried out for approximately 3 months. The practitioner works under the supervision and guidance of a human resources supervisor. In carrying out professional work, practitioners have the opportunity to participate and be directly involved in the lever of the human resources department. Practitioners are given the opportunity to directly observe employee performance from each activity and are given the responsibility to manage an event. The implementation of professional work runs smoothly even though it has several obstacles such as difficulties in communicating with new people. However, the implementation of professional work provides a lot of experience and knowledge for practitioners related to the world of work
