OPERATIONAL MONITORING ACTIVITIES AT PT. TRIMITRA TRANS PERSADA (B-LOG)

During my work activities at PT. Trimitra Trans Persada (B-Log), I work in monitoring and analyzing logistics operations in carrying out my professional work activities. I have the opportunity to : directly participate in carrying out all logistics operations and have the opportunity to directly analyze what will happen in logistics operations, participate in recap delivery achievement reports and reconciling the administration of travel money that is used per day according to the Delivery Money Master (UJP) in the Transport Management System (TMS) and I had the opportunity to participate in daily meetings with the warehouse manager to coordinate problems-problems that arise in shipping.
