STUDY ON THE ROLE OF COMMUNAL SPACES IN THE LANDSCAPE IN FORMING POSITIVE SOCIAL INTERACTIONS

Professional Work Activities is an academic program organized by Pembangunan Jaya University as one of the requirements for graduating from Undergraduate Studies (S1). This activity must be carried out by active students at Pembangunan Jaya University. During the Professional Work program period which is carried out over a period of 3 (three) months, practitioners carry out Professional Work at PT. Darcaniya Cintra, works under the supervision of a supervisor, Practitioner working on several projects related to landscape architecture. Practitioners get the opportunity to work on projects related to architectural elements such as pedestrians and parks. Practitioners have the opportunity to design an architectural element that can create a communal space that creates positive social interactions. With this professional work program, practitioners gain a lot of experience, lessons, knowledge and new techniques in working on working drawings in the AutoCAD application and creating and designing site plans in the SketchUp application in landscape planning and design.

Keywords: *Communal Space, Social Interaction, Positive Social Interaction*
