PERANCANGAN DAN TATA OLAH LAHAN PADA PROYEK COMMUNITY-BASED PURI DESAIN INDONESIA

Architect is a profession that collaborates with many parties. When working, architects need practical skills and must be able to communicate their work, especially when dealing with various parties. Professional Work Activities are an educational method to hone practical skills and provide an overview of the world of work for students. Practitioners have the opportunity to carry out professional work activities at CV. Puri Design Indonesia and is involved in community-based projects such as the TCKN International School, the development of the Wonogiri batik village tourist village area, and the Guyub Rukun Women's Farming Group (KWT) area.

Keywords: *Community-based, Professional Work, Projects*
