APPLICATION OF ACCOUNTING INFORMATION SYSTEMS IN BANKING OPERATIONAL ACTIVITIES VIA THE EBRANCH APPLICATION PT BANK CENTRAL ASIA TBK.

This report was prepared with the aim of fulfilling the requirements for the Professional Work Course in the Accounting Study Program, Faculty of Humanities and Business, Pembangunan Jaya University. This activity is directed at strengthening and expanding cooperation between Study Program and UPJ with PT Bank Central Asia Tbk. Apart from that, this report aims to provide a broad insight into the world of work, the formation of discipline and mental training before entering the real world of work. In practice, practitioners act as Tellers at PT Bank Central Asia Tbk, especially in the Banking Operations division. The main task of the practitioner is to assist customers in carrying out various banking transactions, such as cash deposits and withdrawals, book transfers and transfers to other banks. This work process is supported by the application of a technology-based Accounting Information System. The Ebranch application is used to create transaction slips.
