APPLICATION OF ACCOUNTING INFORMATION SYSTEMS IN THE SALES RECORDING PROCESS OF PT TOKUYO JAYA INDONESIA

This report aims to fulfill the requirements for the Professional Work Course in the Accounting Study Program, Faculty of Humanities and Business, Pembangunan Jaya University. This activity provides students with comprehensive insight into the world of work, as well as providing the opportunity to get to know, understand and practice analyzing situations in the world of work. While carrying out professional work at PT. Tokuyo Jaya Indonesia, interns work under the supervision and guidance of the Accounting Supervisor section. The work carried out by the practitioner is to record inventory in Microsoft Excel. Apart from that, other activities carried out by practitioners are inputting goods transfers and sales transactions. Practitioners use a technology-based Accounting Information System, namely the Accurate 5 application, in carrying out their work.

Keywords: Accounting Information System, Goods Inventory, and Sales Transactions
