BENEFITS OF USING AN INTERIOR DESIGN PARTNER (IDP) IN COMPANIES PROVIDING INTERIOR DESIGN SERVICES AND CONSTRUCTION

Professional Work (KP) is a program owned by Pembangunan Jaya University in the form of courses with a credit weight of 3 which must be taken and carried out by students as one of the requirements for completing undergraduate (S1) level studies. Professional Work (KP) is carried out within a period of approximately 3 (three) months. Practicing doing professional work at PT. Karya Cipta Simetri or Hyde Living acts as an internal Traffic Design Team.

PT. Karya Cipta Simetri or Hyde Living is a residential interior design consultant and construction service located in Palmerah, officially founded in 2020 by Mr Glenn Hajadi. Hyde Living offers interior design and construction services using a different system than general interior services. Hyde Living does not have special designer employees but rather partners who will carry out the design process. In this case, Hyde Living calls it an Interior Designer Partner or IDP.

In the Professional Work (KP) program process, practitioners have the opportunity to be involved in the work on Project F, Project H, Project N, and Project R. The scope of tasks includes; Design Adjustments or Revisions, Work Drawing Adjustments or Revisions, Detail Drawing Processing, Construction Drawing Adjustments or Revisions, Design Visualization Processing in the Form of Rendering Designs, Preparing Moodboard Presentations, and Collecting Material Samples.
