

## ABSTRACT

**Yattala Daffa Aisyahra (2021081040)**

***PROJECT MANAGEMENT OF THE DEVELOPMENT OF THE PROCUREMENT INFORMATION SYSTEM VENDOR MANAGEMENT PORTAL (PRISMA) AT PT NOJORONO TOBACCO INTERNATIONAL.***

*The practitioner, during the Professional Work period, carried out tasks at PT Nojorono Tobacco International in the Information Technology division as an IT Project Management Officer (IT PMO) from June 18 – September 18, 2024, at the PT Nojorono Tobacco International office, JIEP Industrial Area, East Jakarta. In daily activities, the practitioner's tasks included familiarization with the Work Environment and Job Desk, introduction to the PRISMA application, discussions with stakeholders, sprint planning, preparing the brief deck for requirements, preparing UAT documents, monitoring sprints, bug resolution, application testing, presenting work results, preparing for application go-live, and preparing for beta environment testing. The purpose and objective of this professional work are to provide a tangible contribution to the management of the PRISMA application project at PT Nojorono Tobacco International, particularly in supplier/vendor management. Through this professional work, it is hoped that the company can create a more efficient and integrated system, ultimately improving productivity and operational effectiveness.*

**Keywords:** *Project, PRISMA, Vendor, Application.*
